comes in drop back box bound by Thomas Zwang, Hamburg

Brief description:

Photographs of frozen rivers in Siberia. Photo sensitive gelatine applied, exposed – melted again to float – and finally "iced up" showing a crystalline structure. In the concise texts in Italian by the poet Brancale, the rivers of the frozen planet become a metaphor for us.

Edizioni CTL (7), 48 pages

edition of 9 copies, signed by D. Brancale and C. T. Lange

Hamburg 2010
